### Water Out Raleigh/Pettyjohn's Cleaning & Restoration in Wake Forest, NC shares two Water Out stories

Every so often Water Out Raleigh has the extreme privilege of squeezing into a narrow crawlspace under a 50 year old home in order to dry the affected structure. We were in such a position last month when an old hot water heater malfunctioned; flooding a hallway and causing even more damage in the crawlspace. Having worked with the adjuster on previous water losses, he was well aware of the success we have with the Water Out system and immediately recommended us to the homeowner. Thanks to Water Out, we were able to dry the affected areas properly and efficiently, which makes the homeowner happy and the reaffirms the credibility of the adjuster and our company!

The second job was last fall, Robert Pettyjohn and crew of Water Out Raleigh received a phone call from a panicked manager at a local YMCA: some kids playing basketball accidentally hit the sprinkler system, flooding the double basketball courts at 10 p.m.! We responded within 30 minutes to contain and mitigate the damage. Using two Water Out trailers (and a truckload of air movers!) we successfully dried the 90'x110' wood court area. By saving the YMCA nearly \$100,000, we earned their trust- and secured a commercial carpet cleaning account at both local YMCAs!

Great Job Guys!

### A Message from Extreme Makeover: Home Edition

To all of the Water Out contractors who donated their time and services to Season 6 of Extreme Makeover: Home Edition, THANK YOU! I received a message from the Senior Project Manager and I am thrilled to share it with you.

*Hello Kelly,  
I hope you are doing well.  
I wanted to thank you for all your help this season.  
We truly cannot do this project without your help.*

*Talk to you soon.  
Thanks  
David Bohler  
Sr. Project Manager
