

Water Out of Canton donate their time and services

Water Out on Extreme Makeover: Home Edition

Mr. Rapid/Water of Canton donate their services to Extreme Makeover: Home Edition

Steve Toohey from Mr. Rapid / Water Out of Canton in Ohio had a very busy summer working on four *Extreme Makeover: Home Edition* builds in Ohio, New York, and Michigan. Steve says, "Our water loss business this year has been slower than usual. Northeast Ohio did not receive the heavy rainfalls that normally keep us busy, but on a positive note, we were able to have that time to help the great people at *Extreme Makeover: Home Edition* bring to reality four beautiful homes for four deserving families."

Mr. Rapid was able to join forces with Water Out of Cincinnati / Widmer's Restoration in Cincinnati, Ohio for the Akers family and with Richard and Nick Zeis, Water Out in Tiffin, Ohio/FGS of Central Northern Ohio Quick Dry Inc., for the build in Toledo, Ohio for the Frisch family. Mr. Rapid employee Dave Smith was able to participate on two builds while Chris Whitaker was able to be a part of three projects. All the employees at Mr. Rapid are very proud of their participation with *Extreme Makeover: Home Edition* and telling people about their wonderful experiences.

* **Note-** The Akers Family airs this Sunday, October 5th. *Extreme Makeover: Home Edition* airs Sundays 8E/ 7C on ABC. The series is produced by Endemol USA, a division of Endemol Holding. It's executive-produced by Anthony Dominici. David Goldberg is the president of Endemol USA.

We would like to send a special thanks to Steve Toohey and Chris Whitaker; they only had about two hours notice before they left for the Michigan build. You guys are truly amazing and add a lot to the Water Out network. Thank you so much from Water Out Drying Corp and all of the project managers at Extreme Makeover: Home Edition.

November 18-22, Water Out Drying Corp will be exhibiting at the RIA Fall Conference at the Hyatt Regency in Baltimore, MD. In addition to Water Out equipment, we will be joined by Howard Brickman of Brickman Consulting (www.brickmanconsulting.com) on Saturday, November 22nd from 8:00AM-5:00PM for "Advanced Hardwood and Concrete Drying". This course will cover how to properly test moisture content in wood and concrete, understanding moisture in the building envelope, reducing or eliminating punch lists and call backs for builders and the real secrets of drying wood floors. We will also cover evaporation of water in an enclosed space and Water Out Drying Equipment.

There is no charge for the class. Space is limited, to register contact Kelly Cressy at Kelly@waterout.com or at 800-848-1761. Early bird registration ends October 17th.

For more information about the upcoming RIA Fall Conference or to register please visit www.restorationindustry.org.
